BEING ENROLLED

FOR THE DOMESTIC SCIENCE CONTEST TO BE HELD THIS YEAR.

PRIZES TO BE GIVEN

Communities Urged to Form Special Organizations and Speaker Will Be Sent to Help Them.

The Nodaway county girls are now being enrolled for the domestic science contest for this year. Last year there were over six hundred enrolled in the contest, and this year there should be over 1,000. Free literature from the Maryville State Normal, the state university and the U. S. department of agriculture will be sent to all girls who are enrolled in the contest. This literature will give the girls much valuable information and will give both the practical and cultural training about which much is said by educators. Any young woman or girl from 10 to 20 years of age may enroll in the contest.

The usual prizes will be given for cooking, sewing, canned fruits, and on fresh fruits and vegetables. In addition to this the state university this year is organizing tomato growing clubs over the state, and all girls may enroll and become members of it. The state university is working out a plan by which girls may receive school credit for work done and reading done in connection with the tomato club.

If districts or communities will form special organizations with several members, the university will send out a man or woman some time during the year to help advance the interests of the club.

Members of the tomato club will be expected to test seed, select a plot of ground for the crop, prepare the soil or oversee the preparation, plant the seed, cultivate and harvest the crop. They will be expected to keep a record of the work done, as the date of planting, date and manner of cultivating, amount raised, number of hours spent in producing the crop, to make observations and records of crops raised and exhibit products grown at the annual meeting.

Girls may enroll with the teacher of their district or with the county superintendent.

TO LETTER WRITERS.

Ten Commandments for Letter Writing.

Lewis Carroll, the author of "Alice in Wonderland," once wrote a little book, giving some excellent advice about letter writing:

1. Before beginning a letter, read over again the letter to which you are about to reply.

2. Next address and stamp the envelope so that you may not miss the post.

3. Give dates and address in full.

4. Write legibly. Bad writing is often due to haste, but what right have you to save time at your friend's expense? Isn't his time as valuable as yours?

5. Do not fill more than a page and a half with apologies for not having written sooner.

6. Letter controversial or that may lead to irritation should be kept until the next day, and then read over again with a view to pacific modification. (That means not to write angry or complaining letters.)

7. Do not try to have the last word.

8. Cross writing makes cross reading.

9. Refer to your correspondent's last letter and make your winding up at least, as friendly as his; in fact, even a shade more friendly; it will do no harm.

10. When you would mail letters, carry them in your hand.

FUNERAL OF HARVEY SLATES.

Widely Known Farmer, Died Tuesday Noon at Dinner Table at Home, Southwest of Maryville.

Funeral services for Harvey Slates, a well known farmer living twelve miles southwest of Maryville, were held Thursday afternoon at Swan Chapel, in his home neighborhood, and were attended by many friends. The services were conducted by the pastor, Rev. H. K. Morga. Burial took place in Swan Chapel cemetery.

Mr. Slates had been in poor health for some time, but had been confined to his room only about two weeks. He felt able to take dinner at the table Tuesday noon, he thought, but expired soon after being seated.

Mr. Slates was born in Carroll county, Ohio, May 17, 1843, the son of Conrad and Hannah (Funk) Slates, both natives of Loudon county, Virginia. Mr. Slates was the youngest of eleven children. He lived at home until he was 15 years of age, when he went to Martin county, Indiana, and worked with his brother, Samuel Slates, for twenty-two months at the cooper trade. In the spring of 1861 he returned to Carroll county, Ohio, and remained there until August of that year, when he enlisted in Company D, Eighteenth Ohio Volunteer Infantry, and served very creditably nearly four years.

May 14, 1863, while engaged in a charge at Jackson, Miss., he was shot through the body, taken prisoner and confined in Libby prison four months; later he was paroled and exchanged. He took part in seven general engagements, Corinth, Iuka, Lookout Mountain, Raymond, Port Gibson, Jackson and Resaca, and was with Sherman on his march to the sea. After the war he returned to Carroll county, Ohio, and worked at the cooper trade for about two years, then came to Clinton county, Missouri, where he remained one year. He came to Nodaway county in October, 1870, and settled in Polk township, where he lived fifteen years, when he sold his farm and moved to Dade county, this state, bought a farm and lived there three and a half years; he returned to Nodaway county then and bought the eighty-acre farm in White Cloud township which had been his home ever since.

Mr. Slates was twice married. The first time to Seralda Shipp in Carroll county, Ohio. She was the daughter of James W. and Margaret Shipp. Her death occurred in this county, August, 1880, when she was about 37 years old. Five children were born to them: Ernest L. died in Dade county, Missouri, in his twentieth year; Ella M. is the wife of John Cox; Viola B. is the wife of Ed Riggie, the other two children dying in infancy. Mr. Slates again married in 1882, to Sarah Ellen Williams, daughter of the late Dr. Isaac Williams, an old physician of this county. One son, Elmer C. Slates, was born to them. Mrs. Slates survives with the children. She with her husband have been active members of the Swan Chapel Methodist church for many years.

Mrs. Harry Shipp, Homer Shipp and Misses Blanche and Marie Shipp of this city went to Swan Chapel Thursday afternoon for the funeral.

Cash Sales \$277,365.00.

Real estate in the vicinity of Hopkins has been moving some during the past six months, the books of Robbins & Lewis, the real estate men over the Farmers and Merchants bank, showing their cash sales to be \$277,365.00 during the period just mentioned. There may be, of course, a better country than this, but so far it has not been discovered.—Hopkins Journal.

Charles Froman and family moved to Maryville this week, where he is in the employ of the Burlington Railroad company. During their eleven years sojourn in Hopkins this family made many friends who are very sorry to have them leave, but join with the Journal in wishing them all possible success and happiness in their new home.—Hopkins Journal.

IRON FENCE SOLD

W. M. OAKERSON AND JOSEPH JACKSON, SR., THE PURCHASERS.

BROUGHT \$266 AT SALE

The Old Fence to Be Taken Down This Week—Improvements to Be Made—Fence Put Up in 1882.

The old iron fence around the court house yard was sold at public auction Wednesday afternoon at the west door of the court house, the fence bringing \$266.08. James Braniger of Pickering was the auctioneer.

The fence is one of the old landmarks of the city and is as old as the court house building. Soon after the building of the present court house in 1882, the fence was purchased, and they say that the original price was \$1,025.

W. M. Oakerson purchased 170 feet of the fence, and also the north small gate and two posts and the two east corner posts for \$34. Mr. Oakerson will use his fence for his farm, near Skidmore.

Joseph Jackson, Sr., purchased the rest of the fence, 703 feet, for \$205.08. He also bought the small west gate and two posts, the small east gate and posts, and the small south gate and posts, the double south gate and posts and the two west corner posts. His entire purchase cost \$232.08.

The fence will be taken down within the next few days by the new purchasers.

At the April term of the county court, the court will let the contract for four new cement sidewalks from the four corners of the yard, to intersect with the present walks to the court house building. With the taking down of the old fence and the building of the walks and iron seats in the yard, the court house yard will present an attractive appearance.

The court has made settlement with the following township collectors: Alvin Robinson, Grant; Fred Wright, Green; C. M. Crawford, Jackson; F. A. Bloomfield, Independence; Calvin Burch, Atchison, and A. M. Kirby, Lincoln.

Settlements were made Thursday by the court with Collectors Clyde Long of Hughes township, Charles H. Geyer of Monroe and C. J. Mossey of Jefferson.

WON RAILROAD SUIT.

The Supreme Court Found Against John Holtman in Contention Proceedings.

Shinabargar, Blagg & Ellison, attorneys for the Great Western Railroad company, received word Thursday that the supreme court has reversed and remanded, with directions, the case of the Chicago Great Western Railroad company vs. Bernard P. Kemper, A. F. Harvey, S. G. Gilliam, Gilliam, Bellows & Pierce, John Holtman, Joseph Holtman, N. Sisson, defendants, and John Holtman, appellant.

The land in question was part of Holtman's farm and the railroad company had it condemned for trackage to enter the roundhouse the company had planned for the new divisional headquarters at Conception Junction. The circuit court here appointed three commissioners to assess the damages to Holtman, and they brought in a report for \$1,500 damages. Then exceptions were filed against the report and a change of venue was taken from this county to Andrew county before Judge Burnes, and the case was tried before a jury, with the result that the jury reported for Holtman for \$1,399.50 damages, or against Holtman for \$100.50, being the difference between \$1,500, which he had received according to the report of the commissioners here and \$1,399.50 which this jury said he was entitled to. An appeal was taken by Holtman to the supreme court from Andrew county, and by their decision they affirmed the Andrew court decision. J. C. Growney of St. Joseph was the attorney for Holtman.

A marriage license was issued Wednesday by Recorder Wray to Charles Kempf and Cora M. Brunk, both of Quitman.

CLOSE THIS WEEK

MEETINGS AT BAPTIST CHURCH TO END FRIDAY.

7 MORE CONVERSIONS

Bringing the Total Number Up to 109—Baptismal Services to Be Held Next Sunday.

There were seven conversions at the close of the services at the First Baptist church Wednesday night, bringing the total number up to 109. Quite a number made requests for prayer, and as there were fully 150 of the church membership at the prayer meeting at 7 o'clock to decide the matter of whether the meetings should close Wednesday night and a most enthusiastic service was the result, it was decided to continue them until Friday night.

Dr. Hale preached a sermon of power from the experience of the jailer with the apostles. The fact that Jesus came into the world to save men from their sins shows there was something wrong with the world. People were sick and crippled, men were unjust with each other and Jesus came to show them the way out of it all, and he performed many wondrous works. He is needed just as much today. Men have gotten away from God and they are sick and crippled bodily and mentally as of old, all through the need of a Saviour. They have fallen away from God's teachings and suffer for it. He cannot do a single thing to save himself. He is unclean from sin and all the cleansing elements of nature will not make him clean. All men have sinned and come short of the glory of God and the cleansing blood of the Christ must be applied before his guilt can be washed away. God so loved the world that He gave His only Son for a propitiation for sin, and whosoever accepts this offering is saved, and has eternal life. God now commandeth all men everywhere to repent, and he who repents and accepts Christ as his Saviour already has eternal life. The exercise of faith in Jesus brings us into this possession.

Next Sunday evening at 7:30 baptismal service will be held. At the close of this service the hand of church fellowship will be extended to all who have united with the church during this meeting.

HORTON WAS PAROLED.

Governor Major Granted the Parole of Man Sent Up From Nodaway County to Burglary Charge.

Bert Horton, alias John Beary, who was sent to the penitentiary from Nodaway county, was paroled by Governor Major on Wednesday to J. N. Brickey of Fullerton, Ky. Beary was charged with burglary and was given a five-year sentence at the circuit court term held a year ago in January.

Beary was charged with breaking into the Wabash depot at Dawsonville, but no money was taken as there was none there at that time. Beary had an accomplice in George Barrett, and they left Dawsonville and went to Burlington Junction, and then on south of that place. When they discovered that they were being chased they entered a barn and commenced to fire on those that were after them. Several shots were fired and finally Beary and Barrett were caught and brought to Maryville. Both of them pleaded guilty to burglary and Beary was given five years and Barrett three years. When Barrett was taken to the penitentiary it was found out by Sheriff Wallace that he was wanted in Illinois, as he had broken his parole there.

Linville and J. C. Eaton each a car load of cattle, while Vore Bros. and James Holker each turned over a car of stock to the cattle division.—St. Joseph Stock Journal.

WM. P. SIMS DEAD

RAVENWOOD MAN YIELDS TO THE WEAKNESSES OF OLD AGE.

WAS 83 YEARS OLD

Head of One of County's Best Families—Funeral Saturday Morning.

William P. Sims, one of Nodaway county's best men, died Wednesday evening at 8 o'clock at his home, in Ravenwood. Mr. Sims was taken ill last week, his sickness due to a complication from the weaknesses incident to old age. He was 83 years old the 6th of February.

The funeral services will be held Saturday morning at 11 o'clock at the Methodist church in Ravenwood, conducted by Rev. C. O. Ransford. The body will lie in state at the church from 10 to 11 a. m.

Mr. Sims was born in Tennessee, February 6, 1831. He went with his parents to Lee county, Va., and grew to womanhood there. In 1858 he married Miss Hannah Larmer of that county, who survives him. When the civil war broke out he served awhile in the confederate service, but later returned to take charge of the postoffice. In 1870 Mr. Sims and his family moved to Texas, near Fort Worth. They resided there fourteen years, then came to Nodaway county and settled on a farm one mile south of Ravenwood, where they lived until twelve years ago, when he retired from active business life. For sixteen years before leaving his farm he also carried on a coal and wood business successfully.

Three sons and three daughters were born to Mr. and Mrs. Sims, all of whom are living. They are Lucy, wife of M. M. Shuffelbarger of St. Paul, Minn.; James Sims of Tyson, Okla.; Edgar Sims of McFall, Mo.; E. H. Sims of Ravenwood; Elizabeth, wife of Z. A. Warden of near Ravenwood, and Miss Nellie Sims at home.

Mr. Sims had been a member of the Methodist church, the Masonic and Eastern Star lodges since young manhood. No man was truer in all the relations of life than he. His very name stood for the devout Christian, the true citizen, friend and neighbor, the loving husband and father, and his memory will be revered by many.

HISTORY ON MONTHS.

The Names of the Months of the Year. "January" is of Latin origin, from the word Januarius, and was named by ancient Romans in honor of the god Janus, to whom the season of the year was sacred.

"February" comes also from the Latin Februarius, derived from februm, which in the Sabine tongue meant to purge, and signified the Roman festival of expiation.

"March" is named for Mars, the Roman god of war.

"April" comes from Aprilis, which in turn comes from aperire, which means to open.

"May" is named for the Roman deity who was the mother of Mercury and the daughter of Atlas.

"June" is named for Juno, who, by all accounts, was greatly worshipped during this month by the Romans.

"July" is named for the greatest Roman of them all, Caius Julius Caesar, who was born at that time of the year.

"August" was also called for a great Roman, the Emperor Augustus Caesar.

"September" was the seventh month of the Roman year, as they commenced with March, and consequently derived its name from the Latin septem, meaning seven.

"October" being the eighth month, derives its name from octo, which means eight.

"November" is from novem, meaning nine.

"December" also derives its name from a number, decem, meaning ten, it being the tenth month of the Roman year.

Miss Howden's Engagement.

Wednesday afternoon the Neighborly club was invited to meet at the home of Miss Minta Howden. Each member was especially invited to be present, but no one thought anything of that, as the club members are always urged by their hostess to come. On arriving they found the parlor full of invited guests. After a short business session Miss Minta asked that they defer their study for the afternoon, and that they would be entertained with a show, the admission being three pins. The sliding doors were then closed and the scurrying for pins commenced. Some

borrowed, some begged, but all managed to get the necessary admission. They were admitted to the library, which was darkened, and a picture machine connected to the electric light plant. It was then announced that this picture machine was over forty years old, and it was hoped they would enjoy the show. The slides were beautiful old-time scenes of "Show on Parade," "Going to Mill," "Fishing," "Letters," etc. Then lastly came a slide with the announcement: Mr. and Mrs. W. M. Howden announce the engagement of their daughter, Araminta, to Mr. S. E. Taylor, the wedding to take place in April. Miss Minta is the eldest daughter of Mr. and Mrs. Howden. She was born and reared in Skidmore and is one of the popular young ladies of the town. Mr. Taylor is a young farmer living near Burlington Junction, and resides on the home place with his mother. LESS DYSPEPSIA NOW —HERE'S THE REASON

The fact that there is less dyspepsia and indigestion in this community than there used to be is largely, we believe, due to the extensive use of Rexall Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we are willing to offer them to you for trial entirely at our risk.

Among other things, they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe the inflamed stomach, allay pain, check heartburn and distress, help to digest the food, and tend to quickly restore the stomach to its natural, comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We'll ask you no questions. Your word is enough for us. If Rexall Dyspepsia Tablets don't restore your stomach to health and make your digestion easy and comfortable, we want you to come back for your money. They are sold only at the 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c, 50c and \$1.00.

WILSON TALKS TO CONGRESS

Urges Repeal of Clause in Canal Act Exempting American Ships.

PRESIDENT GAINS SUPPORTERS

Democrats Who Intend to Fight Against Tolls Repeal Plan to Make Vigorous Opposition, but Measure Expected to Pass.

Washington, March 5.—President Wilson in person addressed a joint session of congress today, urging repeal of the clause in the Panama canal act exempting American coastwise shipping from payment of tolls.

The president held that the national honor of the American people is at stake and that European nations should not be allowed to get the impression that treaties made by the American government are not adhered to both in letter and in spirit. The exemption clause, he pointed out, was passed on the assumption that while the Hay-Pauncefote treaty guarantees equal treatment to all nations in the question of tolls, the document was to be interpreted as meaning all nations except the United States.

The president believes there should be no debatable ground on treaties once made and believes the United States is in honor bound to keep the spirit of the Hay-Pauncefote treaty.

After the president had read his message it was referred to the house committee on interstate commerce, which will draft legislation to carry out his recommendation. It is expected that the committee will revive a bill by Representative Sims of Tennessee, introduced at the last session, which would provide for flat repeal of the toll exemption.

Although some opposition to the bill will develop in the committee, it is assured of a favorable report. Supporters of the repeal have assured the president that the bill will pass both houses.

Democrats who intend to fight against repeal planned to carry on their struggle with vigor. For several days it has been apparent that the president has been gaining converts to his decision that toll exemption is in violation of the Hay-Pauncefote treaty.

DEBATE ON SUFFRAGE

Negro Question May Cost Women Support of Southern Senators.

Washington, March 5.—A vote on the constitutional amendment to give women the vote in all states may be reached in the senate this afternoon.

The cause of woman suffrage was championed in the senate by Senators Thompson, Owen, Chamberlain and Sherman.

As author of the proposed amendment, Senator Chamberlain told of the influence of women who have the ballot. In response to a question by Senator Reed, the Oregon senator agreed that the recent reforms in his state were inaugurated before the women were given a right to vote.

The attitude of some southern senators was indicated during the discussion when Senator Vardaman said: "The negro question may compel me to vote against this amendment."

Senator Thompson told his colleagues that "none of the objections raised against woman suffrage ever materialized in Kansas."

"Only a few of the women sought official positions," he said, "but when they did obtain them, instead of making failures as was expected, they almost invariably made the best officers we had in the state."

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded \$235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25-Cent Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Advertisement.

FELIX DIAZ ASKS MORAL SUPPORT

His Adherents See Members of Senate Committee.

PLANS A NEW REVOLUTION.

Seek Assurance of Recognition by United States if Revolt Succeeds. Proposal is Held Preposterous—Say Many Are Behind Movement.

Washington, March 5.—Although Great Britain's reluctance to press the Benton case at this time has made the Mexican situation less acute, there are several aspects of it which, it is now practically certain, will occasion spirited debate in the senate in a few days.

It became known that facts and data concerning the number of foreigners killed in Mexico since armed revolution began there is being gathered by the state department for Senator Shively, ranking member of the foreign relations committee, who is expected to present official records about conditions in the southern republic. It was reported that Senator Fall of New Mexico would open the debate with a speech pointing to conditions in Mexico and urging a change of policy.

Presents Diaz Representatives. Incidentally, the New Mexico senator presented to the foreign relations committee, Pedro Del Villar and Cecilio Ocon, representing the political interests of Felix Diaz.

Members of the committee were frankly amazed when the Mexicans sought the moral support of the United States government to bring about peace in Mexico by another revolution headed by Felix Diaz. Members of the committee flatly stated that the United States could not recognize any such movement. Villar and Ocon severely arraigned President Huerta as corrupt and Generals Carranza and Villa as bandits and argued that Felix Diaz had a host of loyal Mexican citizens behind him who would rush to his support to establish a real government in Mexico. They wanted to get a promise, if possible, from the American government that it would uphold Diaz and recognize him if the counter-revolution succeeded. Several members of the committee characterized the proposition as preposterous.

Request of Colquitt.

The request by Governor Colquitt of Texas upon the federal government of Nuevo Leon for the extradition of those responsible for the kidnapping of Vergara occasioned much discussion in official circles here. The Texas governor had asked the state department to tell him what it looked upon as the legally constituted government in northern Mexico, for by the special treaty with Mexico extradition proceedings can be carried on between governors in adjacent border states without reference to the American state department.

Secretary Bryan suggested to Governor Colquitt that he might ask for the extradition of the offenders from "the governor of Nuevo Leon," leaving it to the Texas governor to determine who that individual was. The extradition has been asked for on the charge of horse stealing.

BRYAN TO VISIT CHILE

Will Attend Pan-American Conference at Santiago.

Washington, March 5.—Secretary Bryan informed the governing board of the Pan-American union, composed of the representatives here from all the American republics, that he had accepted the invitation of Chile and would visit Santiago, Chile, next September, at the time of the meeting there of the fifth Pan-American conference. Senor Suarez, minister from Chile, extended the invitation to Secretary Bryan.

President Wilson has approved the plan and the secretary plans to leave about the middle of August. He expects to proceed down the west coast of South America, stopping at Peru, and to return by the east coast, making visits in Argentina, Uruguay and Brazil.

Walsh Will Not Accept Salary Raise. Boston, March 5.—Governor Walsh sent to the legislature a special message saying that he would refuse to accept an increase in his salary from \$8,000 to \$12,000 a year. While conceding that the present salary is inadequate, the governor said that the verdict of the election constituted a binding contract with the people at a fixed sum.

Would Recall Judge.

Los Angeles, March 5.—Protests, threats of recall and denunciations poured in upon Judge Willis of the criminal department of the superior court because of his action in sentencing to thirty years' imprisonment Charles Guyton, a young negro, convicted of highway robbery, although his only loot was a white girl's kiss.

Body of Slain Woman Found.

Stockton, Cal., March 5.—After six weeks' search for Esther Crozier, who has been missing from her haunts in Stockton, the butchered body of a woman was found in Trapper slough, near Holt, a small railroad station near here, where she was last seen in company with a Chinese.

MARYVILLE, MISSOURI, THURSDAY, MARCH 5, 1914.

NO. 236.

BEING ENROLLED

FOR THE DOMESTIC SCIENCE CONTEST TO BE HELD THIS YEAR.

PRIZES TO BE GIVEN

Communities Urged to Form Special Organizations and Speaker Will Be Sent to Help Them.

The Nodaway county girls are now being enrolled for the domestic science contest for this year. Last year there were over six hundred enrolled in the contest, and this year there should be over 1,000. Free literature from the Maryville State Normal, the state university and the U. S. department of agriculture will be sent to all girls who are enrolled in the contest. This literature will give the girls much valuable information and will give both the practical and cultural training about which much is said by educators. Any young woman or girl from 19 to 29 years of age may enroll in the contest.

The usual prizes will be given for cooking, sewing, canned fruits, and on fresh fruits and vegetables. In addition to this the state university this year is organizing tomato growing clubs over the state, and all girls may enroll and become members of it. The state university is working out a plan by which girls may receive school credit for work done and reading done in connection with the tomato club.

If districts or communities will form special organizations with several members, the university will send out a man or woman some time during the year to help advance the interests of the club.

Members of the tomato club will be expected to test seed, select a plot of ground for the crop, prepare the soil or oversee the preparation, plant the seed, cultivate and harvest the crop. They will be expected to keep a record of the work done, as the date of planting, date and manner of cultivating, amount raised, number of hours spent in producing the crop, to make observations and records of crops raised and exhibit products grown at the annual meeting.

Girls may enroll with the teacher of their district or with the county superintendent.

TO LETTER WRITERS.

Ten Commandments for Letter Writing.

Lewis Carroll, the author of "Alice in Wonderland," once wrote a little book, giving some excellent advice about letter writing:

1. Before beginning a letter, read over again the letter to which you are about to reply.
2. Next address and stamp the envelope so that you may not miss the post.
3. Give dates and address in full.
4. Write legibly. Bad writing is often due to haste, but what right have you to save time at your friend's expense? Isn't his time as valuable as yours?
5. Do not fill more than a page and a half with apologies for not having written sooner.
6. Letter controversial or that may lead to irritation should be kept until the next day, and then read over again with a view to pacific modification. (That means not to write angry or complaining letters.)
7. Do not try to have the last word.
8. Cross writing makes cross reading.
9. Refer to your correspondent's last letter and make your winding up at least, as friendly as his; in fact, even a shade more friendly; it will do no harm.
10. When you would mail letters, carry them in your hand.

FUNERAL OF HARVEY SLATES.

Widely Known Farmer, Died Tuesday Noon at Dinner Table at Home, Southwest of Maryville.

Funeral services for Harvey Slates, a well known farmer living twelve miles southwest of Maryville, were held Thursday afternoon at Swan Chapel, in his home neighborhood, and were attended by many friends. The services were conducted by the pastor, Rev. H. K. Morga. Burial took place in Swan Chapel cemetery.

Mr. Slates had been in poor health for some time, but had been confined to his room only about two weeks. He felt able to take dinner at the table Tuesday noon, he thought, but expired soon after being seated.

Mr. Slates was born in Carroll county, Ohio, May 17, 1843, the son of Conrad and Hannah (Funk) Slates, both natives of Loudon county, Virginia. Mr. Slates was the youngest of eleven children. He lived at home until he was 15 years of age, when he went to Martin county, Indiana, and worked with his brother, Samuel Slates, for twenty-two months at the cooper trade. In the spring of 1861 he returned to Carroll county, Ohio, and remained there until August of that year, when he enlisted in Company D, Eighteenth Ohio Volunteer Infantry, and served very creditably nearly four years. May 14, 1863, while engaged in a charge at Jackson, Miss., he was shot through the body, taken prisoner and confined in Libby prison four months; later he was paroled and exchanged. He took part in seven general engagements, Corinth, Iuka, Lookout Mountain, Raymond, Port Gibson, Jackson and Resaca, and was with Sherman on his march to the sea. After the war he returned to Carroll county, Ohio, and worked at the cooper trade for about two years, then came to Clinton county, Missouri, where he remained one year. He came to Nodaway county in October, 1870, and settled in Polk township, where he lived fifteen years, when he sold his farm and moved to Dade county, this state, bought a farm and lived there three and a half years; he returned to Nodaway county then and bought the eighty-acre farm in White Cloud township which had been his home ever since.

Mr. Slates was twice married. The first time to Seralda Shipp in Carroll county, Ohio. She was the daughter of James W. and Margaret Shipp. Her death occurred in this county, August, 1889, when she was about 37 years old. Five children were born to them: Ernest L. died in Dade county, Missouri, in his twentieth year; Ella M. is the wife of John Cox; Viola B. is the wife of Ed Riggie, the other two children dying in infancy. Mr. Slates again married in 1882, to Sarah Ellen Williams, daughter of the late Dr. Isaac Williams, an old physician of this county. One son, Elmer C. Slates, was born to them. Mrs. Slates survives with the children. She with her husband have been active members of the Swan Chapel Methodist church for many years.

Mrs. Harry Shipp, Homer Shipp and Misses Blanche and Marie Shipp of this city went to Swan Chapel Thursday afternoon for the funeral.

Cash Sales \$277,365.00.

Real estate in the vicinity of Hopkins has been moving some during the past six months, the books of Robbins & Lewis, the real estate men over the Farmers and Merchants bank, showing their cash sales to be \$277,365.00 during the period just mentioned. There may be, of course, a better country than this, but so far it has not been discovered.—Hopkins Journal.

Charles Froman and family moved to Maryville this week, where he is in the employ of the Burlington Railroad company. During their eleven years sojourn in Hopkins this family made many friends who are very sorry to have them leave, but join with the Journal in wishing them all possible success and happiness in their new home.—Hopkins Journal.

IRON FENCE SOLD

W. M. OAKERSON AND JOSEPH JACKSON, SR., THE PURCHASERS.

BROUGHT \$266 AT SALE

The Old Fence to Be Taken Down This Week—Improvements to Be Made—Fence Put Up in 1882.

The old iron fence around the court house yard was sold at public auction Wednesday afternoon at the west door of the court house, the fence bringing \$266.08. James Braniger of Pickering was the auctioneer.

The fence is one of the old landmarks of the city and is as old as the court house building. Soon after the building of the present court house in 1882, the fence was purchased, and they say that the original price was \$1,025.

W. M. Oakerson purchased 170 feet of the fence, and also the north small gate and two posts and the two east corner posts for \$34. Mr. Oakerson will use his fence for his farm, near Skidmore.

Joseph Jackson, Sr., purchased the rest of the fence, 703 feet, for \$205.08. He also bought the small west gate and two posts, the small south gate and posts, the double south gate and posts and the two west corner posts. His entire purchase cost \$232.08.

The fence will be taken down within the next few days by the new purchasers.

At the April term of the county court, the court will let the contract for four new cement sidewalks from the four corners of the yard, to intersect with the present walks to the court house building. With the taking down of the old fence and the building of the walks and iron seats in the yard, the court house yard will present an attractive appearance.

The court has made settlement with the following township collectors: Alvin Robinson, Grant; Fred Wright, Green; C. M. Crawford, Jackson; F. A. Bloomfield, Independence; Calvin Burch, Atchison, and A. M. Kirby, Lincoln.

Settlements were made Thursday by the court with Collectors Clyde Long of Hughes township, Charles H. Geyer of Monroe and C. J. Mossey of Jefferson.

WON RAILROAD SUIT.

The Supreme Court Found Against John Holtman in Condemnation Proceedings.

Shinabargar, Blagg & Ellison, attorneys for the Great Western Railroad company, received word Thursday that the supreme court has reversed and remanded, with directions, the case of the Chicago Great Western Railroad company vs. Barnard P. Kemper, A. F. Harvey, S. G. Gillam, Gillam, Bellows & Pierce, John Holtman, Joseph Holtman, N. Sisson, defendants, and John Holtman, appellant.

The land in question was part of Holtman's farm and the railroad company had it condemned for trackage to enter the roundhouse the company had planned for the new divisional headquarters at Conception Junction. The circuit court here appointed three commissioners to assess the damages to Holtman, and they brought in a report for \$1,500 damages. Then exceptions were filed against the report and a change of venue was taken from this county to Andrew county before Judge Burnes, and the case was tried before a jury, with the result that the jury reported for Holtman for \$1,399.50 damages, or against Holtman for \$100.50, being the difference between \$1,500, which he had received according to the report of the commissioners here and \$1,399.50 which this jury said he was entitled to. An appeal was taken by Holtman to the supreme court from Andrew county, and by their decision they affirmed the Andrew court decision. J. C. Gowney of St. Joseph was the attorney for Holtman.

A marriage license was issued Wednesday by Recorder Wray to Charles Kempf and Cora M. Brunk, both of Quitman.

CLOSE THIS WEEK

MEETINGS AT BAPTIST CHURCH TO END FRIDAY.

7 MORE CONVERSIONS

Bringing the Total Number Up to 109—Baptismal Services to Be Held Next Sunday.

There were seven conversions at the close of the services at the First Baptist church Wednesday night, bringing the total number up to 109. Quite a number made requests for prayer, and as there were fully 150 of the church membership at the prayer meeting at 7 o'clock to decide the matter of whether the meetings should close Wednesday night and a most enthusiastic service was the result, it was decided to continue them until Friday night.

Dr. Hale preached a sermon of power from the experience of the jailer with the apostles. The fact that Jesus came into the world to save men from their sins shows there was something wrong with the world. People were sick and crippled, men were unjust with each other and Jesus came to show them the way out of it all, and he performed many wondrous works. He is needed just as much today. Men have gotten away from God and they are sick and crippled bodily and mentally as of old, all through the need of a Saviour. They have fallen away from God's teachings and suffer for it. He cannot do a single thing to save himself. He is unclean from sin and all the cleansing elements of nature will not make him clean. All men have sinned and come short of the glory of God and the cleansing blood of the Christ must be applied before his guilt can be washed away. God so loved the world that He gave His only Son for a propitiation for sin, and whosoever accepts this offering is saved, and has eternal life. God now commandeth all men everywhere to repent, and he who repents and accepts Christ as his Saviour already has eternal life. The exercise of faith in Jesus brings us into this possession.

Next Sunday evening at 7:30 baptismal service will be held. At the close of this service the band of church fellowship will be extended to all who have united with the church during this meeting.

HORTON WAS PAROLED.

Governor Major Granted the Parole of Man Sent Up From Nodaway County to Burglary Charge.

Bert Horton, alias John Beary, who was sent to the penitentiary from Nodaway county, was paroled by Governor Major on Wednesday to J. N. Brickey of Fullerton, Ky. Beary was charged with burglary and was given a five-year sentence at the circuit court term held a year ago in January.

Beary was charged with breaking into the Wabash depot at Dawsonville, but no money was taken as there was none there at that time. Beary had an accomplice in George Barrett, and they left Dawsonville and went to Burlington Junction, and then on south of that place. When they discovered that they were being chased they entered a barn and commenced to fire on those that were after them. Several shots were fired and finally Beary and Barrett were caught and brought to Maryville. Both of them pleaded guilty to burglary and Beary was given five years and Barrett three years. When Barrett was taken to the penitentiary it was found out by Sheriff Wallace that he was wanted in Illinois, as he had broken his parole there.

Linville and J. C. Eaton each a car load of cattle, while Vore Bros. and James Holker each turned over a car of stock to the cattle division.—St. Joseph Stock Journal.

WM. P. SIMS DEAD

RAVENWOOD MAN YIELDS TO THE WEAKNESSES OF OLD AGE.

WAS 83 YEARS OLD

Head of One of County's Best Families—Funeral Saturday Morning.

William P. Sims, one of Nodaway county's best men, died Wednesday evening at 8 o'clock at his home, in Ravenwood. Mr. Sims was taken ill last week, his sickness due to a complication from the weaknesses incident to old age. He was 83 years old the 6th of February.

The funeral services will be held Saturday morning at 11 o'clock at the Methodist church in Ravenwood, conducted by Rev. C. O. Ransford. The body will lie in state at the church from 10 to 11 a. m.

Mr. Sims was born in Tennessee, February 6, 1831. He went with his parents to Lee county, Va., and grew to womanhood there. In 1858 he married Miss Hannah Larmer of that county, who survives him. When the civil war broke out he served awhile in the confederate service, but later returned to take charge of the postoffice. In 1870 Mr. Sims and his family moved to Texas, near Fort Worth. They resided there fourteen years, then came to Nodaway county and settled on a farm one mile south of Ravenwood, where they lived until twelve years ago, when he retired from active business life. For sixteen years before leaving his farm he also carried on a coal and wood business successfully.

Three sons and three daughters were born to Mr. and Mrs. Sims, all of whom are living. They are Lucy, wife of M. M. Shuffelbarger of St. Paul, Minn.; James Sims of Tyron, Okla.; Edgar Sims of McFall, Mo.; E. H. Sims of Ravenwood; Elizabeth, wife of Z. A. Warden of near Ravenwood, and Miss Nellie Sims at home.

Mr. Sims had been a member of the Methodist church, the Masonic and Eastern Star lodges since young manhood. No man was truer in all the relations of life than he. His very name stood for the devout Christian, the true citizen, friend and neighbor, the loving husband and father, and his memory will be revered by many.

HISTORY OF MONTHS.

The Names of the Months of the Year.—"January" is of Latin origin, from the word Januarius, and was named by ancient Romans in honor of the god Janus, to whom the season of the year was sacred.

"February" comes also from the Latin Februarius, derived from februm, which in the Sabine tongue meant to purge, and signified the Roman festival of expiation.

"March" is named for Mars, the Roman god of war.

"April" comes from Aprilis, which in turn comes from aperire, which means to open.

"May" is named for the Roman Minerva who was the mother of Mercury and the daughter of Atlas.

"June" is named for Juno, who, by all accounts, was greatly worshipped during this month by the Romans.

"July" is named for the greatest Roman of them all, Caius Julius Caesar, who was born at that time of the year.

"August" was also called for a great Roman, the Emperor Augustus Caesar.

"September" was the seventh month of the Roman year, as they commenced with March, and consequently derived its name from the Latin septem, meaning seven.

"October" being the eighth month, derives its name from octo, which means eight.

"November" is from novem, meaning nine.

"December" also derives its name from a number, decem, meaning ten, it being the tenth month of the Roman year.

Dinner to Fehl Family.

Mr. and Mrs. Eri Bosch of near Pickering gave a dinner Monday complimentary to Mr. and Mrs. Peter Fehl and their family, who left Tuesday noon for Mechanicsburg, Pa., to make their home. Mrs. Bosch is a sister of Mrs. Fehl. The family have been living in the vicinity of Barnard, and recently Mr. Fehl concluded to go back to his native state after an absence of twenty-eight years. Tuesday forenoon the Fehl and Bosch families had a group picture taken at the Bosch home by James Carpenter. Mr. and Mrs. Fehl, John Fehl, Misses Edith, Elma and Myrtle Fehl left for their new home from Pickering.

Miss Howden's Engagement.

Wednesday afternoon the Neighborly club was invited to meet at the home of Miss Minta Howden. Each member was especially invited to be present, but no one thought anything of that, as the club members are always urged by their hostess to come. On arriving they found the parlor full of invited guests. After a short business session Miss Minta asked that they defer their study for the afternoon, and that they would be entertained with a show, the admission being three pins. The sliding doors were then closed and the scurrying for pins commenced. Some

LESS DYSPEPSIA NOW —HERE'S THE REASON

The fact that there is less dyspepsia and indigestion in this community than there used to be is largely, we believe, due to the extensive use of Rexall Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we are willing to offer them to you for trial entirely at our risk.

Among other things, they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe the inflamed stomach, allay pain, check heartburn and distress, help to digest the food, and tend to quickly restore the stomach to its natural, comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We'll ask you no questions. Your word is enough for us. If Rexall Dyspepsia Tablets don't restore your stomach to health and make your digestion easy and comfortable, we want you to come back for your money. They are sold only at the 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c, 50c and \$1.00.

borrowed, some begged, but all managed to get the necessary admission. They were admitted to the library, which was darkened, and a picture machine connected to the electric light plant. It was then announced that this picture machine was over forty years old, and it was hoped they would enjoy the show. The slides were beautiful old-time scenes of "Show on Parade," "Going to Mill," "Fishing," "Letters," etc. Then lastly came a slide with the announcement: Mr. and Mrs. W. M. Howden announce the engagement of their daughter, Araminta, to Mr. S. E. Taylor, the wedding to take place in April. Miss Minta is the eldest daughter of Mr. and Mrs. Howden. She was born and reared in Skidmore and is one of the popular young ladies of the town. Mr. Taylor is a young farmer living near Burlington Junction, and resides on the home place with his mother. The guests included Mrs. Fred Barber, Mrs. John Barber, Mrs. D. R. Baker, Mrs. Anna Campbell, Mrs. E. T. WILSON TALKS TO CONGRESS

Urges Repeal of Clause in Canal Act Exempting American Ships.

PRESIDENT GAINS SUPPORTERS

Democrats Who Intend to Fight Against Tolls Repeal Plan to Make Vigorous Opposition, but Measure Expected to Pass.

Washington, March 5.—President Wilson in person addressed a joint session of congress today, urging repeal of the clause in the Panama canal act exempting American coastwise shipping from payment of tolls.

The president held that the national honor of the American people is at stake and that European nations should not be allowed to get the impression that treaties made by the American government are not adhered to both in letter and in spirit. The exemption clause, he pointed out, was passed on the assumption that while the Hay-Pauncefote treaty guarantees equal treatment to all nations in the question of tolls, the document was to be interpreted as meaning all nations except the United States.

The president believes there should be no debatable ground on treaties once made and believes the United States is in honor bound to keep the spirit of the Hay-Pauncefote treaty.

After the president had read his message it was referred to the house committee on interstate commerce, which will draft legislation to carry out his recommendation. It is expected that the committee will revive a bill by Representative Sims of Tennessee, introduced at the last session, which would provide for flat repeal of the toll exemption.

Although some opposition to the bill will develop in the committee, it is assured of a favorable report. Supporters of the repeal have assured the president that the bill will pass both houses.

Democrats who intend to fight against repeal planned to carry on their struggle with vigor. For several days it has been apparent that the president has been gaining converts to his decision that toll exemption is in violation of the Hay-Pauncefote treaty.

DEBATE ON SUFFRAGE

Negro Question May Cost Women Support of Southern Senators.

Washington, March 5.—A vote on the constitutional amendment to give women the vote in all states may be reached in the senate this afternoon. The cause of woman suffrage was championed in the senate by Senators Thompson, Owen, Chamberlain and Sherman.

As author of the proposed amendment, Senator Chamberlain told of the influence of women who have the ballot. In response to a question by Senator Reed, the Oregon senator agreed that the recent reforms in his state were inaugurated before the women were given a right to vote.

The attitude of some southern senators was indicated during the discussion when Senator Vardaman said: "The negro question may compel me to vote against this amendment."

Senator Thompson told his colleagues that "none of the objections raised against woman suffrage ever materialized in Kansas."

"Only a few of the women sought official positions," he said, "but when they did obtain them, instead of making failures as was expected, they almost invariably made the best officers we had in the state."

St. Joseph Market Report.

South St. Joseph, Mo., March 3.—The live stock market has been more or less uneven during the past week. Beef steer prices were marked up 15¢ during the first part of last week. A reaction set in Thursday, however, and at the close of the week only the good to choice steers retained any of the early advance. Monday prices were steady to 10¢ lower, but today the market displayed better tone, cattle above \$8.00 showing 10¢ gains as a rule.

No strictly choice or prime steers offered here this week. Top late last week was \$8.70, but prime kinds are quotable up to \$9.00@9.25. Cows and heifers are selling in about the same notches as a week ago. Veals and bulls a shade higher. Top veals, \$10.50. Stocker and feeder demand continues rather slack.

It is still an erratic market for hogs, prices advancing one day and receding the next. Values today are 5¢@10¢ lower than a week ago, but strong to bulk of sales at \$8.35@8.50.

Sheep and lamb prices made a sharp advance early last week. The advance was later lost and the market continues to slump this week, values breaking 10¢@50¢ under the high point last week with top lambs selling around \$7.50 and ewes of the better class at \$5.50.

Indications are for fair runs of cattle and hogs and fairly liberal receipts of sheep for the next week or two.—St. Joseph Stock Journal.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded \$235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25-Cent Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Advertisement.

FELIX DIAZ ASKS MORAL SUPPORT

His Adherents See Members of Senate Committee.

PLANS A NEW REVOLUTION.

Seek Assurance of Recognition by United States If Revolt Succeeds. Proposal is Held Preposterous—Say Many Are Behind Movement.

Washington, March 5.—Although Great Britain's reluctance to press the Benton case at this time has made the Mexican situation less acute, there are several aspects of it which, it is now practically certain, will occasion spirited debate in the senate in a few days.

It became known that facts and data concerning the number of foreigners killed in Mexico since armed revolution began there is being gathered by the state department for Senator Shively, ranking member of the foreign relations committee, who is expected to present official records about conditions in the southern republic. It was reported that Senator Fall of New Mexico would open the debate with a speech pointing to conditions in Mexico and urging a change of policy.

Presents Diaz Representatives. Incidentally, the New Mexico senator presented to the foreign relations committee, Pedro Del Villar and Cecilio Ocon, representing the political interests of Felix Diaz.

Members of the committee were frankly amazed when the Mexicans sought the moral support of the United States government to bring about peace in Mexico by another revolution headed by Felix Diaz. Members of the committee flatly stated that the United States could not recognize any such movement. Villar and Ocon severely arraigned President Huerta as corrupt and Generals Carranza and Villa as bandits and argued that Felix Diaz had a host of loyal Mexican citizens behind him who would rush to his support to establish a real government in Mexico. They wanted to get a promise, if possible, from the American government that it would uphold Diaz and recognize him if the counter-revolution succeeded. Several members of the committee characterized the proposition as preposterous.

Request of Colquitt. The request by Governor Colquitt of Texas upon the federal governor of Nuevo Leon for the extradition of those responsible for the kidnapping of Vergara occasioned much discussion in official circles here. The Texas governor had asked the state department to tell him what it looked upon as the legally constituted government in northern Mexico, for by the special treaty with Mexico extradition proceedings can be carried on between governors in adjacent border states without reference to the American state department.

Secretary Bryan suggested to Governor Colquitt that he might ask for the extradition of the offenders from "the governor of Nuevo Leon," leaving it to the Texas governor to determine who that individual was. The extradition has been asked for on the charge of horse stealing.

BRYAN TO VISIT CHILE

Will Attend Pan-American Conference at Santiago.

Washington, March 5.—Secretary Bryan informed the governing board of the Pan-American union, composed of the representatives here from all the American republics, that he had accepted the invitation of Chile and would visit Santiago, Chile, next September, at the time of the meeting of the fifth Pan-American conference. Senor Suarez, minister from Chile, extended the invitation to Secretary Bryan.

President Wilson has approved the plan and the secretary plans to leave about the middle of August. He expects to proceed down the west coast of South America, stopping at Peru, and to return by the east coast, making visits in Argentina, Uruguay and Brazil.

Walsh Will Not Accept Salary Raise. Boston, March 5.—Governor Walsh sent to the legislature a special message saying that he would refuse to accept an increase in his salary from \$8,000 to \$12,000 a year. While conceding that the present salary is inadequate, the governor said that the verdict of the election constituted a binding contract with the people at a fixed sum.

Would Recall Judge.

Los Angeles, March 5.—Protests, threats of recall and denunciations poured in upon Judge Willis of the criminal department of the superior court because of his action in sentencing to thirty years' imprisonment Charles Guitton, a young negro, convicted of highway robbery, although his only loot was a white girl's kiss.

Body of Slain Woman Found.

Stockton, Cal., March 5.—After six weeks' search for Esther Crozier, who has been missing from her haunts in Stockton, the butchered body of a woman was found in Trapper slough, near Holt, a small railroad station near here, where she was last seen in company with a Chinese.
